VOTED #1 - STATE PARK IN THE USA, 2015
- ATTRACTION IN NEW YORK STATE, 2017

Wyoming County is home to **Letchworth State Park**, a natural wonderland featuring 14,350 acres and 66 miles of gorgeous hiking, biking, horse and cross-country skiing trails.

Enjoy the **Genesee River Gorge** which splits the park in two and can be up to 600 feet deep. These incredible rock formations frame three major waterfalls, including the 110-foot drop of the Middle Falls.

Completed in 1952, **Mount Morris Dam & Visitor Center** includes many scenic overlooks and a 5,400 square foot visitor center filled with information and interactive exhibits. Want to go inside and explore the dam? Enjoy a free guided tour! Walking tours into the dam run April – October, Monday through Thursday at 2:00 p.m. and Friday, Saturday, and Sunday at 11:00 a.m. and 2:00 p.m. **For more information, call (585) 658-4790.**

The landmark **Genesee Arch Bridge** featured on the cover, was completed in 2018 and spans the Genesee River over the Upper Falls. The 483 foot arch bridge sits 235 feet above the middle falls, and is a popular photo spot. The Genesee Arch Bridge can be found at the south end of the park, near the Portageville Entrance with areas to park and view the bridge structure up-close.

The **Humphrey Nature Center** (pictured above) is a state-of-the-art facility where nature-based programming focuses on geology, wildlife and botany; as well as many interactive exhibits highlighting the plants, animals, and river ecology of Letchworth State Park.

A PLACE FOR EVERYONE

The Glen Iris Inn - spend the night and enjoy breakfast, lunch and dinner at the country estate of William Pryor Letchworth, founder of the park. Located on the rim of the Genesee River Gorge above the majestic Middle Falls, the Glen Iris Inn is one of the most unique overnight and fine dining accommodations in the country.

Adventure Calls Outfitters – tame the whitewater of the Genesee River as you raft through the “Grand Canyon of the East” with Adventure Calls Outfitters! Five and a half miles of beautiful scenery and adventure await you. A perfect trip for first-time rafters, youth groups and families with children.

Balloons Over Letchworth – soar over Letchworth State Park in a hot air balloon and behold breathtaking views with Balloons Over Letchworth. CRAFT BEVERAGES

WE'RE GROWING OUR CRAFT

Whether a fan of pale ales, porters, lagers, stouts, or wheat beers, you are sure to find something special to tantalize your taste buds. Our three unique craft breweries offer something for everyone. From hipster cool to old style pub, visitors are in for a great experience.

Stop by the Amber Lantern Brewing Company in downtown Warsaw for a bite to eat. Just outside of Letchworth State Park, discover the Silver Lake Brewing Project in the heart of downtown Perry. If you are traveling on State Route 20A, be on the lookout for Windy Brew in Strykersville, newly expanded and Western New York's only custom brew center. Each location is full of character, brewing with hospitality and charm. Whether a biker on tour or serious connoisseur, delight in a pint and then take home a growler or crowler to enjoy later.

If wine is more your style, be sure to visit Main Street Winery in Arcade. While there, enjoy a few sips in the tasting room and find a favorite among the many delightful varieties. From sweet to dry – there is definitely something to suit every palate. You will also find a selection of supplies, gifts and other novelties.

Wyoming County's newest offering is Buried Barrel Hard Cider, located just minutes from the Castile entrance to Letchworth State Park. The cider is made exclusively from apples grown at Pankow Farm in Castile, a generational dairy farm with a U-Pick apple orchard along Glen Iris Road at the entrance to Letchworth State Park. Today's cider is a toast to their heritage and a way to keep this special land and orchard in production for future generations. Stop in during the weekends for a tasting and pick up cans and growlers of hard apple cider.

EXPERIENCE THE BOUNTY

FARM FRESH & LOCALLY GROWN

Wyoming County ranks #1 in agriculture sales and it is an important part of our culture. We are very proud that Wyoming County is #1 in NY in the production of milk, potatoes, hay and honey. We have over 287,000 maple taps and lead the state with 700 farms producing a total of \$326 million in total agricultural sales.

As much as we enjoy growing great foods, we also enjoy eating and sharing it. Be sure to pick-up fresh fruits and vegetables at our seasonal farmers' markets, sample a variety of delicious maple products, and enjoy locally sourced foods at many of our great restaurants. Then visit places like **East Hill Creamery** (pictured above left), a unique artisan cheese maker in Perry or one of many great ice cream shops like **Yummies** in Warsaw.

Each year, nearly 20 maple producers participate in **NYS Maple Weekends**, covering two weekends in March. Throughout the county, our sugar shacks open to offer samples of delicious maple syrup, and everything made from this local product including candies, spreads, and more. Visitors can learn how maple syrup is made directly from the producers

and then stop in for some delicious pancakes drizzled with maple syrup.

Farmers' Market season runs all summer and into the fall. Enjoy freshly picked fruits and vegetables, locally made honey, maple products, baked goods, crafts, live entertainment, and plenty more.

The Farmer & Artisan Market at the Artisan

Villa in Warsaw is open Wednesdays from 2pm-6pm, May through October – while **Perry Farmers' Market** is open 8:30am-12:30pm every Saturday on Main Street from June to September, and features live entertainment. **Arcade's Farm Market** is open Thursdays from 3pm-6pm, open May to October at Tractor Supply, Rt. 39, Arcade.

When the weather cools down, its time for apple season and our cider mills are a must visit. Pick up a bushel of your favorite apples or fall goods at places like the **Castile Cider Mill** and enjoy a glass of apple cider with a fry cake - and be sure to take a gallon or two home to share.

From apples to zucchini, find a complete list of locally grown products, visit buywyomingcountygrown.com.

WYOMING COUNTY'S HISTORIC UNDERGROUND RAILROAD CONNECTIONS

HISTORY

Founded in 1841, Wyoming County has a unique and fascinating story. With historic homes and monuments, the railroad and salt industry, and Native American history, we are proud of our tradition and contribution to the American experience.

Wyoming County also played a vital role in the Underground Railroad, an escape route that took fugitive slaves from points south, through Western New York and into Canada by way of Buffalo. There were several locations that served as "stations" along the way where escaped slaves could hide from search parties, replenish their food and clothing, and receive directions and encouragement from sympathizers helping the fugitive slaves gain their precious freedom. Wyoming County is proud to have played an important part in helping to free all those brave souls who passed through the area on their way to "the promised land," and recognizes all those who helped the former slaves realize the dream of living as free men and women.

SETH GATES HOUSE, WARSAW

Warsaw, the County seat, is home to multiple Underground Railroad locations and it's residents were early leaders in the abolitionist movement. The Augustus Frank House (now Artisan Villa) and the Seth Gates House (now the Warsaw

Historical Society) were homes to US Representatives who fought aggressively to abolish slavery. In addition to the Underground Railroad information, the Warsaw Historical Society also offers historical and ghost walks around the Village of Warsaw, which includes a stop at the Augustus Frank House.

It is not well-known that America's first anti-slavery political party was organized in Wyoming County at the Warsaw Presbyterian Church in 1839. Wyoming County grew to have the second largest number of conductors and station masters in New York State, after Monroe County. The Fugitive Slave Act of 1850 made it illegal to harbor or help fugitive slaves. For that reason, the events of the Underground Railroad were shrouded in secrecy.

OLD PRESBYTERIAN CHURCH, WARSAW

Though many of the buildings that were involved in the railroad no longer stand, there is sufficient evidence from the records of town historians, private family letters and known publications to document the part that Wyoming County played in helping escaped slaves find freedom. To learn even more about the role other towns and village played, visit our website or contact the Wyoming County Historian at (585) 786-8818.
